The transnational capitalist class The transnational capitalist class (TCC) is transnational in the double sense that its members have global rather than or in addition to local perspectives; and it typically contains people from many countries who operate inter-nationally as a normal part of their working lives.

TRANSNATIONAL PRACTICES AND THE ANALYSIS OF THE GLOBAL ...

Transnationalism is a scholarly research agenda and social phenomenon grown out of the heightened interconnectivity between people and the receding economic and social significance of boundaries among nation states.. The term "Trans-National" was popularized in the early 20th century by writer Randolph Bourne to describe a new way of thinking about relationships between cultures.
