Can Islamic finance bridge Asia's infrastructure deficit? 25 April 2014. Author: Thiam Hee Ng, ADB. The global Islamic debt securities (sukuk) market has grown rapidly, from just US\$15 billion in 2001 to US\$281 billion in 2013. This increase has been led by Malaysia, which accounts for nearly 60 per cent of total outstanding sukuk. Meanwhile, Middle Eastern countries account for about 30 per cent.

Can Islamic finance bridge Asia's infrastructure deficit ...

Islamic finance has the potential to contribute to higher and more inclusive economic growth by increasing access of banking services to underserved populations. In addition, it has the potential to promote financial stability due to its risk-sharing feature and its financing being asset-backed and thus fully collateralized.
