Additionally, in the new parish, the neighborhood contributes to the form of the church as much as the church helps define the parish. Neighborhoods, and the way they mutually care for each other, can teach churches something about love and faithfulness. Overall, the authors of The New Parish adopt a mentality of the new commons, and strive to find the church in all of life. The book doesn't simply redefine the relationship between church and neighborhoods.

In 1980 the New Orleans City Planning Commission divided the city into 13 planning districts and 72 distinct neighborhoods . See Orleans Parish neighborhood map. While most of these assigned boundaries match with traditional local designations, some others differ from common traditional use. This is a result of the City Planning Commission's wish to divide the city into sections for governmental planning and zoning purposes without crossing United States Census tract boundaries.
